

Late for the Plane

James and his family are late for their plane.
They race through the airport.
They drag their suitcases behind them.
Finally, they reach the gate.

A sign says that the plane is late!
James and his family are glad.
The wait gives them time to eat.

After their meal, it's time to get on the plane.
They find their seats.
They put on their seatbelts.
And, in one minute, James and his family are
fast asleep.
